

## 2016-2017 SCHOOL IMPROVEMENT PLAN

**Goal # 1 – Create a collaborative and supportive professional development process that facilitates collaboration between teachers and provides more time for them to reflect on effective instructional practices.**

Timeline:

- July—Develop process calendar and plan process rollout
- August—Train teachers on process calendar and rollout and give expectations
- September—November—Follow up on administration and teacher progress towards quarterly goals
- December—February—Follow up on administration and teacher progress towards quarterly goals
- March—May—Follow up on administration and teacher progress towards yearly goals

**Goal # 2 – Monitor and refine progress monitoring systems for each educational program**

Timeline:

- July—Document and publish each school's progress monitoring systems
- August—Train teachers and staff on specific school program progress monitoring systems (RTI)
- Sept.-October—Analyze data collected through progress monitoring processes in each program and monitor implementation of progress monitoring plans
- Nov.-January—Analyze data collected through progress monitoring processes in each program and monitor implementation of progress monitoring plans
- Feb.-May— Analyze data collected through progress monitoring processes in each program and monitor implementation of progress monitoring plans

**Goal # 3 – Leverage technology to increase parental involvement and oversight of their child's educational experience at DaVinci Academy**

Timeline:

- August: Train teachers on technology tools to help facilitate parental involvement: Canvas, School Messenger System, GAFE (Google Apps for Education)
- September—May: Record monthly technology trainings and train parents on technology tools
